Color a star for each time the page is read.

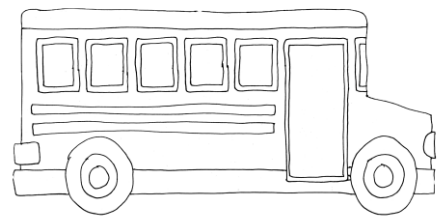

# What Was I?

What was I back then?

Back then I was shy.

Back then I did not have such a lot of pals.

Back then I was not so big.

Back then I said, "I can not do that much."

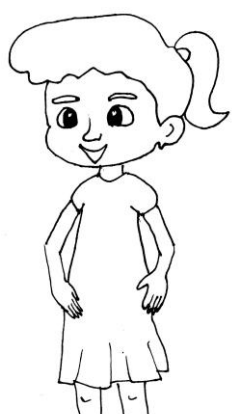

Back then I did not go on the bus.

Back then I did not do math.

Back then I had to have my mom be

with me to have a bath.

But this is me. I can do so much!

## Back Then

This man had to dig to get nuts.

He had to chop to get fed.

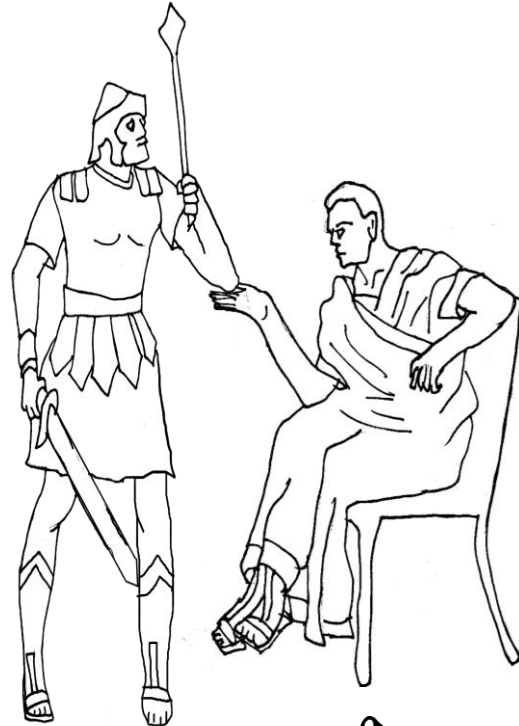

But that was back then.

This man had a mock  
cat and a bull and a ram of tin.

He had to nod to them.

This man had to pull a ship.

He had to dash in laps and run  
if a big man did wish it.

I will not wish to be back then!
