Color a star for each time the page is read.

My Dad Films Me

My dad films me. He films me when

I swim. He films me when I toss

and go swish in the basket. He films

me when I skip and spin and sled.

He films me when I go up in an

elm. Then mom says, "Get off that

elm!" He films mom yell. We can get the film to

go on his desktop. He does not have to have a

bulb. It is fun to have

films of myself.
