Will I Be in the Skit?

My class will do a skit. Will I get to act in it? I did not get the script yet. What will I be? Will I be a squid and splash? Will I be a pig that gets scraps? But I did not get into the skit. I will help in the back. I will scrub when there is a splat. I will strum and drum. I will strap the props up and split the tickets. When the skit happens I squint because I am sad I am not in it. But the skit cannot happen unless there are kids in back to help.
