Color a star for each time the page is read.

Where Did the Disk Go?

We went to a patch of grass to toss a disk. Meg did catch and pitch it to the back. It went in a ditch. I did fetch it back. Then, we did switch. I did pitch and on this toss it got stuck on a branch. I was mad and did clench my fists. I did try to scratch the branch. Meg did stretch

and twist, but it was stuck. I sat to cry.

The grass did itch a lot. But then mom said, "I did prep a batch of chips." Yum!
