Trash Pick Up Club

We had a trash pick up club on the block. We met up with bags and sticks. We helped make the block cute. We picked up trash. We fixed old bikes and tires. We punched boxes to make them flat. We pinched bags to close them. We splashed suds onto benches. We dumped the trash in one big bin. When I jumped to get to the bin, I bumped into my pal. We hit skulls. My dad came and lifted me up. His mom came and lifted him up. They gave us cold pops that we licked. That helped with the sore bumps.
