My Hike Up a Cliff

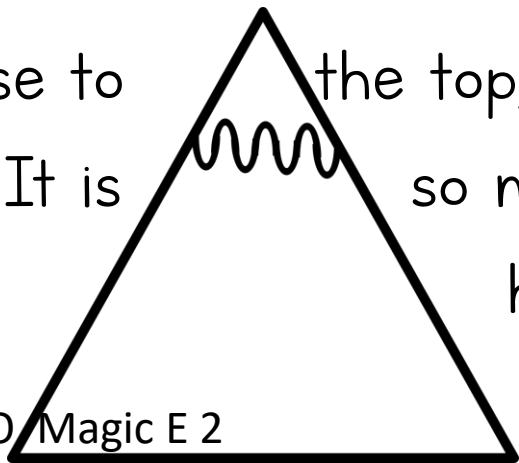

Sat:

I chose to go on a trip in the hills. We will hike to the top of a big, big rock. The guide will bore a hole in the side of the cliff. It is safe because the core of the dome is thick. We must scale the slope with ropes. I hope my rope is strong. When we camp we make a fire and put on robes. I hope I do not snore.

Sun:

When we rose in the morn, the guide did end the fire with a hose. I still smell the smoke with my nose. When we got close to the top, I was glad I chose this trip. It is so much more than what I did hope to find.
