The Mutt

We will go get a dog. What kind of dog will we get? I hope we get a pug. My sis hopes we get a bulldog. My mom hopes to get a Dane. My dad hopes to get a pit bull. We go to a site that helps lost dogs and cats. There are old dogs and pups. They do not have homes. They are so cute! We hope to take ten of them home, but we cannot. In the end we get a mutt. He is six but he is not big. We name him Cub. He has a cut on his back. He is not mute. He yells and whines when we put him in his crate. A crate is a big

cube of wire that have tubes to drink from. We put him in the tub to give him a bath. We like this dog a lot!
