Camp Eve

Here at Camp Eve we do lots of extreme games. We have extreme jumping, extreme fishing, and extreme rafting. These games are a lot of fun. In the Extreme Run 5, you must dunk a basket, run past a pond with no sinking, catch a fish with bare hands, skip up a hill, and then sled to the end. The theme here is to make you strong. But do not stress! If you plan to do an extreme game but then get a scare, you can still delete a name from the list. No one will make you be in an extreme game.
