Color a star for each time the page is read.

# What Was That Bang?

I went on a trip with my mom and dad.

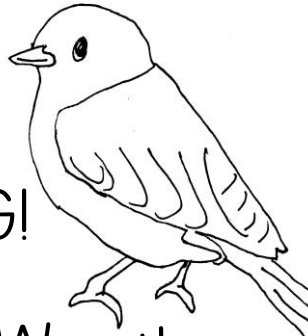

We did fly to a land with lots of bugs and fish. We did get on a tram.

When we had to get off at the next stop, we rang the bell. From

there, we got on a raft. The finches sang in the sky. Then there was a BANG!

I did cry. Was it a bat with big fangs? Was it an elk? No, it was just a big pot that did hang from

a branch and fell off.
