Block Run

We had a run on the block. The block did fill up with kids in a pile. The boss of the run said, "File in a line to get set!" The sun did shine a lot. It was quite hot, but we had pines on the sides of the block for shade. I do not like to run. I did try to hide, but the boss did find where I hid. The kids began to run. My spine felt a big crack. I began to spin. I fell and did rip the skin of my shin. I bit my lip and did cry. I had to quit. My best bud did win the run. She got a pin! I was sad, but I got to rest in bed. I got a pill to make me not spin. I got to lick a pop and did bite into a big, ripe lime.
