What Venue Will We Use?

We must find a venue for the class
skit. We have to get a place that is big
and has a lot of seats. It must not cost a lot. We
have to get a great value. It
must not have a stage that is
old and due for repair.

The skit will be this Tuesday. We will tell the true
tale of a man in blue who finds a clue that helps
him rescue a sad dog. The dog cannot cross
an avenue because his legs got stuck in glue.
