

Christmas Notes Bulb

This craft is great for giving gifts withing a class, family, or other group. Buy a set of bulbs that open all around on the side.

Give a strip of Christmas paper (leftover wrapping paper also works), and have them write a note to each person in the group. Make sure they start with the person's name and sign theirs. Collect all paper strips into piles by recipient.

Spread out all the strips like this with one bulb half in the center. Slide it over the edge of the table and hold your hand underneath.

Push the center into the first bulb half.

Fold over the strips so they wrap around.

Press the two bulb halves together. Now each person will have a bulb with notes from everyone in the group which they can open and re-read each year.
