

Magic High Five

When you can't remember a division answer, do backwards multiplication. But instead of starting at 1, always start with your magic high five. From there, try higher or lower numbers.

$$24 \div 3 = ?$$

$$3 \times 5 = 15$$

$$3 \times 6 = 18$$

$$3 \times 7 = 21$$

$$3 \times 8 = 24$$

$$27 \div 9 = ?$$

$$9 \times 5 = 45$$

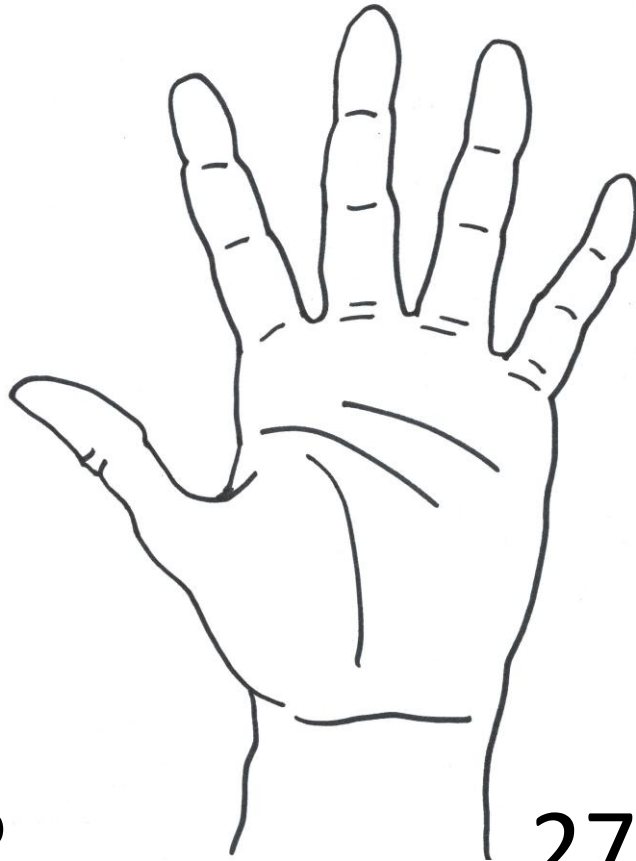

$$9 \times 4 = 36$$

$$9 \times 3 = 27$$
