## My Grandma's Home

My grand/ma has a home in a big val/ley. There are green hills and a nice lake. I see a pair of wings soar as it spots its

prey. Grand/ma's home has a chim/ney made of bricks. When it gets cold, she makes a fire and grey smoke comes up. She keeps the match/es

locked with a key. She says, "Do not make the fire. You are just a child.."

I o/bey. I do not wish to play with fire.

One year, the cold was so strong, the lake froze.

Some kids from the hills came in/to the val/ley.

They rode on don/keys.

"Hey!" I said to them. Shall we play some hock/ey?"

They said yes!
