Our Dog Bear

We have a dog named Bear. We call him that because he has so much fur.

He looks like he has a beard. His teeth look like pearls. We got Bear last year from the shelter.

Bear has a strong fear of thunder.

When he heard a bolt in the sky

and a flash reached the earth, Bear's ears perked up. He can hear the sound stronger than

we can. In the last storm, we could not find Bear.

He hid near the door at the rear of the house.

He was under a rug. He scratched it. My dad

said to not stress over the wear and tear. The

rug is dear to him, but it is clear that Bear has

earned a bigger place in dad's heart.
