

Ocean Water Connection

- ☐ **Print one of the following maps onto green cardstock**
- ☐ **Cut out each hemisphere separately**
- ☐ **Fill small canisters with small items (beans, pennies) to weigh them down, and tape each hemisphere on top of them**
- ☐ **Place in a large baking tray filled with water**
- ☐ **Pour blue food coloring into the water**
- ☐ **Use a craft stick to stir the water until the blue has mixed thoroughly**
- ☐ **Discuss how this models how all ocean water is connected**
