Their Clothes Are Weird

My friends are having fun with weird clothes. Tim

put on a beige cowboy hat. He held a

rein but had no horse. Jill put on a veil.

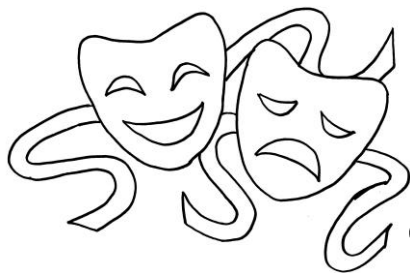

Trish put on a but/ter/fly cos/tume.

The wings look like they have veins.

I think they either look like they

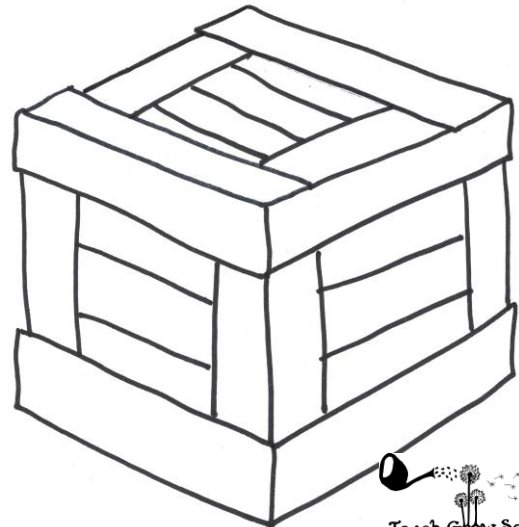

are ready for a play, or for Hal/lo/ween. But it is

neither one. They

did receive a box

of cos/tumes from their aunt.
