## Treats for My Friends

I bought some treats for my friends. I thought they might like them. I brought enough for all of

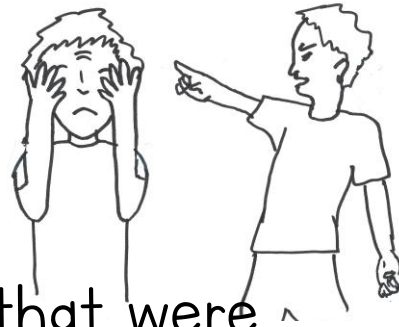

them, though I did not have the same num/ber

of treats for each. My friends fought o/ver who

would get the last treat. I ate the

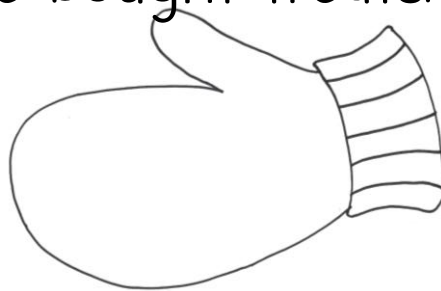

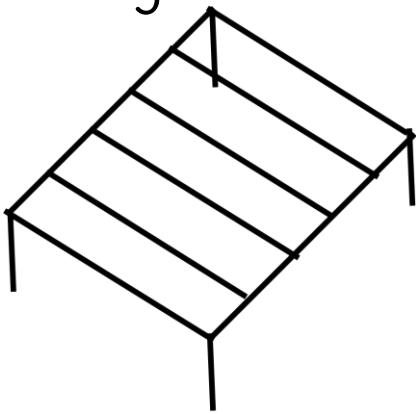

last treat. It was made of dough

and was tough to bite. It had nuts that were

rough to chew and made me cough. I am all

through with store-bought treats. Next time I will

bake them so they are soft.

OUGH
